DATE OF SUBMITTAL: September 7, 2021

MEETING DATE: September 9, 2021

TO: State Public Charter School Commission

FROM: Commissioners Cathy Ikeda, Jill Baldemor, and Terry Holck,  
Permitted Interaction Group for the purpose of working on the  
Commission's Strategic Plan revisions and Budgetary Measures of  
Effectiveness

AGENDA ITEM: V. Presentation by the Permitted Interaction Group on the  
Commission's Strategic Plan Revisions and Budgetary Measures of  
Effectiveness Recommendation

I. DESCRIPTION

Presentation by the Permitted Interaction Group on the Commission's Strategic Plan Revisions and Budgetary Measures of Effectiveness Recommendation

II. BACKGROUND

On March 11, 2021, the Commission appointed Commissioners, Jill Baldemor, Harald Barkhoff, and Cathy Ikeda to work on updating the Commission's Strategic Plan and key performance indicators.

Continuing its work on Strategic Performance with the assistance of Dr. Allison Layland of the Academic Development Institute, through the U.S. Department of Education's Comprehensive Centers Program, Building State Capacity and Productivity (BSCP), and the Pacific Region Comprehensive Center (PRCC) programs, Commissioners Baldemor, Barkhoff, and Ikeda, along with the Commission staff met to revise the Commission's

Strategic Plan as well as compile Key Performance Indicators for its Budgetary Measures of Effectiveness as requested by the Senate Committee on Ways and Means.

The Commission and Public Charter School measures in the State's Budget documents have not been compiled since they were created by the state.

With the assistance of Dr. Allison Layland provided through the U.S. Department of Education, BSCP and PRCC, the draft revised Strategic Plan was presented to the full Commission for its review on August 12, 2021. With the departure of Commissioner Harald Barkhoff, the Commission took action to dissolve the Permitted Interaction Group, and then created a permitted interaction group pursuant to HRS 92-2.5(b)(1) with Commissioners Jill Baldemor, Terry Holck, and Cathy Ikeda for the purpose of completing the work on the Commission's Strategic Plan revisions and Budgetary Measures of Effectiveness

The new Permitted Interaction Group met to complete the revisions to the Commission's Strategic Plan and Budgetary Measures of Effectiveness and is now presenting their recommendation to the full Commission. See **Exhibit 1** for the final draft revisions to the Commission's Strategic Plan, and **Exhibit 2** for the final proposed Budgetary Measures of Effectiveness (Key Performance Indicators) for EDN 612 (State Public Charter School Commission) and EDN 600 (Public Charter Schools).

III. RECOMMENDATION OF THE PERMITTED INTERACTION GROUP:

Commissioners Cathy Ikeda, Jill Baldemor, and Terry Holck, Permitted Interaction Group member for the purpose of working on the Commission's Strategic Plan revisions and Budgetary Measures of Effectiveness recommend to the full Commission that they approve the revisions to the Strategic Plan and the final proposed Budgetary Measures of Effectiveness as referenced in Exhibits 1 and 2.

# Hawai'i State Public Charter School Commission

## 'Aha Kula Ho'āmana<sup>1</sup>

### Revised Strategic Plan (September 3, 2021)<sup>2</sup>

#### VISION<sup>3</sup>

Our vision is to authorize, actualize, and amplify high-quality diverse educational options that prepare students for future academic or career success as contributing members of our community, and through our work, inform, enhance, and contribute to Hawai'i's public education system.

#### MISSION<sup>4</sup>

Our mission is to authorize high-quality public charter schools throughout Hawai'i by soliciting, evaluating, and approving applications for new schools; negotiating and executing sound school contracts; monitoring performance and legal compliance of our schools; and determining renewal, nonrenewal, or revocation of their charter contracts.

#### LOGO

---

<sup>1</sup> **'Aha** means "commission." **'Aha** also refers to courage. **Kula** is the Hawaiian way of saying "school." **Kula** also means "uplands." We are trying to take education in Hawaii to a higher level. **Ho'āmana**--the literal translation means "to authorize." The other meaning is to "empower." It is our intent to empower our communities to create schools of excellence. --Dr. Peter Hanohano

<sup>2</sup> To amend the Commission's Strategic Plan (2019 to 2023) approved on June 28, 2018.

<sup>3</sup> A statement portraying an organization in its ideal form, illustrating an organization at its best and the greater good it serves.

<sup>4</sup> A statement of an organization's purpose. It describes what the organization does and for whom, to realize its vision.

### *No Nā Haumāna*

Our logo tells the story, the *mo'olelo* of hopes, dreams, who we the Commission are, and our sense of place in the islands.

In 1840 King Kamehameha established in Hawai'i what is the oldest public education system west of the Mississippi and the only one established by a sovereign monarch.

To explain some of the images found within our logo we start with the sun at the top of the circle. *Ua ao Hawai'i ke 'ōlino nei mālamalama*, (Hawai'i is enlightened for the brightness of day is here. Hawai'i is in an era of education).

The *pueo*, or owl, in Hawai'i is a beloved *'aumakua* for many families. It is also an internationally recognized symbol for education and wisdom. On the chest of the *pueo* are eight markings that represent our islands. The wings spread across the islands represented by the *pali* in the background establishing our place in the Pacific, the islands united by education. The *pueo* is poised and watches over the book of wisdom, our Charter Schools, who educate our students allowing them to voyage into the future,

lifelong learners and explorers of knowledge following in the wake of our Polynesian ancestors who made their own voyages of discovery.

While the *pali* represent our islands being united through education, they hold multiple meaning. It is the first thing the voyager sees rising up from the ocean, there is always a sense of pride and awe at the breathtaking beauty they possess. They rise like ancient guardians who anchor us to this place and at the same time they serve as a reminder of the motto of Queen Kapi'olani, *Kūlia i ka nu'u*, strive to reach the highest.

The *wa'a*, canoe, representing the students, sail from out of the pages of the book of wisdom—each on their own individual journeys, some taking them far beyond the shore on an ocean that connects us to the world. They sail in different directions emphasizing *'A'ohe pau ka 'ike i ka hālau ho'okahi*, not all knowledge is taught in the same school, which characterizes the individualism and innovation of our Charter Schools.

The *kapa* design that bridges the center of the circle represents the islands and the generations that live here—our past, present, and future—our communities which benefit and nourish our children with shared wisdom and knowledge.

The *kalo*, (37 for our existing Charter Schools), represent our *keiki* and remind us of how we are all connected through the 'āina to Hāloa, traditionally our first ancestor and his older brother the kalo that nourishes and sustains the people.

Beneath the *kalo* are renderings to represent the currents, the big currents and the little currents, *'ike i ke au nui me ke au ike*, knows the big currents and the little currents, meaning one is well versed. In deciding what to put here there was some thought and some direction based on a couple different uses of the big and little currents. With respect to teaching, *E kuhikuhi pono i nā au iki a me nā au nui o ka 'ike*, an admonition to instruct well in the little and large currents of knowledge, the small details are as important as the large ones. This applied to our schools as well as our work at the Commission. There is an *ōlelo no'eau* that touches on learning the big and little current, learning the details, *he alo a he alo*. Lastly, the phrase *aia no i ke kō a ke au*, whichever way the current goes, time will tell.

The ornamentation along the edges of the circle are simple, but they are reminders of the lashings on our canoe. *"Pilina,"* which is similar to *Pili*, means to bind. *Pilina* is association, relationship, and connection. The lashing of a canoe, *"aho hoo wa'a,"* is a complex process, and a sacred process. It is both an art and a science in that it needs to be strong enough to withstand thousands of pounds of torque from rough smashing waves in open ocean, tight so there is no give, but allow some flexibility without too much wobble. And yet, it can be beautiful in its connections and geometric configurations. We are tied together for our journey, the Commission and the Charter Schools, as we voyage into the future sharing innovative education with the State and possibly beyond.

**Pono** is embedded into the design, a balance between light and dark, a balance of the elements, straddling between western thought and traditional beliefs creating a bridge between near and far, what is past, present, and future.

The last item, the words printed at the bottom of the circle, students are at the heart of everything we do. We exist in a circle of unity with the goal of our **keiki** receiving an education so they can travel, adventure, explore into the future, and thrive not just here in the islands but in the wide world beyond. **No nā haumāna.**

## VALUES<sup>5</sup>

The Commission, as a Hawai'i state agency, in fulfillment of its responsibilities, obligations and service to the people of Hawai'i, will operate with the "Aloha Spirit" as defined in Hawai'i Revised Statutes, Chapter 5, Section 5-7.5: **Akahai** (kindness with tenderness), **Lōkahi** (unity with harmony), **'Olu'olu** (agreeable with pleasantness), **Ha'aha'a** (humility with modesty), and **Ahonui** (patience with perseverance).

Additionally, the Commission adopts the following overarching values that augment the "Aloha Spirit" and describes the Commission's beliefs and ethos:

<b><i>Mohala</i></b>	<b><i>Pili</i></b>	<b><i>Pono</i></b>
<b>we believe that our work results in the blossoming of our schools</b>	<b>we are tied to our schools</b>	<b>we do this work for accountability and uprightness at all times</b>
<p><b><i>Mohala i ka wai ka maka o ka pua.*</i></b></p> <p><i>Unfolded by the water are the faces of the flowers.</i></p> <p>Flowers thrive where there is water, as thriving people are found where living conditions are good.</p> <p>#2178</p>	<p><b><i>Pili 'ohā, he kāmau mai mawaho.*</i></b></p> <p><i>A taro off-shoot relationship added to the outside of the corm.</i></p> <p>One who was not a relative, yet is a member of the household.</p> <p>#2652</p>	<p><b><i>He 'ike 'ana ia i ka pono.*</i></b></p> <p><i>It is a recognizing of the right thing.</i></p> <p>One has seen the right thing to do and has done it.</p> <p>#620</p>

<sup>5</sup> Beliefs which provide a foundation of an organization's ethos or expressions of the ethos.

## GOALS<sup>6</sup>

The Commission's three goals for implementing its Strategic Plan embodies a continuous improvement process, within each goal and among all three goals, moving it to higher and greater efficacy, to attain its vision through its mission.

Goal 1	Goal 2	Goal 3
To attain a public charter school portfolio representing high-quality, diverse educational opportunities for students and their families.	To maintain a high-quality, diverse public charter school portfolio of schools that meet statutory and contractual expectations.	To sustain a high-quality, diverse public charter school portfolio that contributes to Hawai'i's public education system.

---

<sup>6</sup> An ambitious, usually aspirational, outcome of the organization's pursuit of its vision and mission. Goals represent the ultimate desired state of the organization in relation to its clients and may not be restricted by time. Goals are student focused, but also include an operational goal or two.

## STRATEGIES<sup>7</sup> and MILESTONES<sup>8</sup>

Over the next three years, the Commission intends to implement these strategies to achieve its goals. And in order to deploy the strategies, the Commission has set the following milestones to meet its goals within the next three years.

**Goal 1 - To attain** a public charter school portfolio representing high-quality, diverse educational opportunities for students and their families.

**Strategy 1.1** **If we** clearly define and communicate “high-quality public charter schools” and “diverse education options” with related expectations and priorities, **then** applicants will apply to open high-quality public charter schools and add to the portfolio of diverse educational options and existing public charter schools will work to provide high-quality schools, **and as a result** the public charter school portfolio authorized by the Commission will represent high-quality, diverse educational opportunities for students and their families.

---

**Milestone 1.1.1** – By the end of SY 2021-2022, SPCSC has defined “high-quality” school.

**Milestone 1.1.2** – By the end of SY 2021-2022, SPCSC has defined “diverse educational options.”

**Milestone 1.1.3** – By the end of SY 2021-2022, SPCSC has communicated the definitions to potential applicants and existing public charter schools.

---

**Strategy 1.2** **If we** review the findings from Goal 3 and assess those findings against our initial definition of “high-quality” and “diverse educational options” and refine our definitions as needed **then** applicants will apply to open high-quality public charter schools and add to the portfolio of diverse educational options and existing public charter schools will work to provide high-quality schools **and as a result** the Commission will represent higher quality and more diverse educational opportunities for students and their families.

---

<sup>7</sup> Describes what an organization will do to move closer to achieving a goal. Strategies tell how an organization gets from “here” (the current state), to “there” (the ideal state as represented by the organization’s vision).

<sup>8</sup> An incremental step in implementing a strategy, usually a year in duration. A milestone may also be referred to as an objective and is typically non-quantitative and descriptive. Milestones are written in past tense, indicating what is anticipated to be completed at the end of one year.

---

**Milestone 1.2.1** – By the end of SY 2021-2022, SPCSC has designed a process for continuous improvement of the definitions.

**Goal 2 - To maintain** a high-quality, diverse public charter school portfolio of schools that meet statutory and contractual expectations.

**Strategy 2.1** **If we** create an efficient and accurate data collection and evaluation system to determine if each public charter school is meeting its statutory and contractual obligations, **then** the Commission will be able to make informed comprehensive evaluations of public charter school performance, **and as a result**, the Commission strengthens its portfolio.

---

**Milestone 2.1.1** – By the end of SY 2021-2022, SPCSC has designed a data collection and evaluation system that is efficient and accurate.

---

**Strategy 2.2** **If we** create a decision-making framework, **then** corrective action plans, renewal, and revocation will be data-informed and handled consistently, **and as a result**, the Commission strengthens its portfolio.

---

**Milestone 2.2.1** – By the end of SY 2021-2022, SPCSC has designed a decision-making framework.

---

**Strategy 2.3** **If we** review the findings from Goal 3 and assess those findings against our data collection and evaluation system and our decision-making framework, and make the necessary changes to refine the systems and framework **then** the Commission will utilize the improved data collection and evaluation system and decision-making framework **and as a result**, the Commission strengthens its portfolio.

---

**Milestone 2.3.1** – By the end of SY 2021-2022, SPCSC has designed a process for continuous improvement on the data monitoring system and decision-making framework.

**Goal 3 - To sustain** a high-quality, diverse public charter school portfolio that contributes to Hawai'i's public education system.

**Strategy 3.1** If we implement a data-informed inquiry process to show a high-quality public charter school portfolio, then high-quality schools, models, and practices will be identified and as a result the Commission will be able to share those high-quality schools, models, and practices throughout Hawai'i.

**Milestone 3.1.1** – By the end of SY 2021-2022, SPCSC has designed or selected a data-informed inquiry system.

**Milestone 3.1.2** – By the end of SY 2021-2022, SPCSC has pilot tested and trained on that data-informed inquiry system.

**Strategy 3.2** If we build an effective communication system, then the Commission will share high-quality schools, models, and practices throughout Hawai'i, and as a result the public charter school portfolio will contribute to Hawai'i's public education system.

**Milestone 3.2.1** – SPCSC has designed a Communications system that shares out and informs Stakeholders/Public.

**Strategy 3.3.** If we share high-quality schools, models and practices throughout Hawaii, then stakeholders can adapt/adopt these models and practices, and as a result, the Commission will have contributed to Hawai'i's public education system.

**Milestone 3.3.1** – SPCSC has designed a monitoring system on the effectiveness/impact of the Communication.

**EXHIBIT 2**

**Final Proposed Budgetary Measures of Effectiveness (Key Performance Indicators) for EDN 612 (State Public Charter School Commission) and EDN 600 (Public Charter Schools)**

## STATE PUBLIC CHARTER SCHOOL COMMISSION BUDGETARY MEASURES OF EFFECTIVENESS

**Mission:** To authorize high-quality public charter schools throughout Hawai'i by soliciting, evaluating, and approving applications for new schools; negotiating and executing sound charter school contracts; monitoring performance and legal compliance of our schools; and determining renewal, nonrenewal, or revocation of their charter contracts.

### Goals:

1. To attain a public charter school portfolio authorized by the Commission representing high-quality, diverse educational opportunities for students and their families.
2. To maintain a high-quality, diverse public charter school portfolio of schools that meet statutory and contractual expectations.
3. To sustain a high-quality, diverse public charter school portfolio that contributes to Hawai'i's public education system.

### Measures of Effectiveness<sup>1</sup>

- number of public charter schools in the portfolio that meet statutory and contractual expectations (Strategy Measure 1.1, Year 1)
- number of high-quality schools as defined by the Commission (Strategy measure 1.1, Years 2–3)
- number of diverse educational options as defined by the Commission (Strategy measure 1.1, Years 2–3)
- portfolio of public charter schools whose high quality practices contribute to Hawai'i's public education system (Strategy Measure 3.3, Year 3)

---

### EDN: 612 STATE PUBLIC CHARTER SCHOOL COMMISSION Program Plan Narrative<sup>i</sup>

#### A. Statement of Program Objectives

To authorize high-quality public charter schools throughout Hawai'i. The Commission has statewide charter authority and provides oversight of the public charter schools.

---

<sup>1</sup> These Budgetary Measures of Effectiveness are aligned to the Commission's Strategic Plan measures (also known as **Key Performance Indicators**-the critical (key) indicators of progress toward an intended result. KPIs provide a focus for strategic and operational improvement, create an analytical basis for decision making, and help focus attention on what matters most. As Peter Drucker famously said, "What gets measured gets done."

## STATE PUBLIC CHARTER SCHOOL COMMISSION BUDGETARY MEASURES OF EFFECTIVENESS

### **B. Description of Activities Performed**

Per HRS §302D-5, the State Public Charter School Commission is responsible for executing the following essential powers and duties:

- a. Soliciting and evaluating charter applications;
- b. Approving quality charter applications that meet identified educational needs and promote a diversity of educational choices;
- c. Declining to approve weak or inadequate charter applications;
- d. Negotiating and executing sound charter contracts with each approved charter applicant and with existing public charter schools;
- e. Monitoring, in accordance with charter contract terms, the performance and legal compliance of public charter schools; and
- f. Determining whether each charter contract merits renewal, nonrenewal, or revocation.

The Commission shall also:

- g. Act as a point of contact between the Hawai'i Department of Education and a public charter school it authorizes;
- h. Be responsible for and ensure the compliance of a public charter school it authorizes with all applicable state and federal laws, including reporting requirements;
- i. Be responsible for the receipt of applicable federal funds from the department and the distribution of funds to the public charter school it authorizes; and
- j. Be responsible for the receipt of per-pupil funding from the department of budget and finance and distribution of the funding to the public charter school it authorizes.
- k. The Commission shall have the power to make and execute contracts and all other instruments necessary or convenient for the exercise of its duties and functions under this chapter;
- l. The Commission may delegate its duties to officers, employees, and contractors.

### **C. Statement of Key Policies Pursued (Our Revised Strategic Plan Goals)**

- a. To attain a public charter school portfolio authorized by the Commission representing high-quality, diverse educational opportunities for students and their families.
- b. To maintain a high-quality, diverse public charter school portfolio of schools that meet statutory and contractual expectations.
- c. To sustain a high-quality, diverse public charter school portfolio that contributes to Hawai'i's public education system.

## STATE PUBLIC CHARTER SCHOOL COMMISSION BUDGETARY MEASURES OF EFFECTIVENESS

### **MEASURES OF EFFECTIVENESS<sup>ii</sup>**

1. % INCREASE IN THE NUMBER OF APPROVED APPLICANTS THAT MEET THE STANDARD IN THE REQUEST FOR PROPOSAL<sup>2</sup>
2. # OF CONTRACTS EXECUTED OR MAINTAINED ANNUALLY BY THE COMMISSION
3. % OF ALLOCATED FUNDS DISTRIBUTED TO PUBLIC CHARTER SCHOOLS BY THE COMMISSION PER HRS §302D-28
4. % OF PUBLIC CHARTER SCHOOLS MEETING PERFORMANCE EXPECTATIONS AS STATED IN THE PUBLIC CHARTER SCHOOL CONTRACT PERFORMANCE FRAMEWORKS<sup>3</sup>
5. NUMBER OF PUBLIC CHARTER SCHOOLS RENEWED, NON-RENEWED, OR REVOKED<sup>4</sup>

### **PROGRAM TARGET GROUPS**

1. NUMBER OF OPERATING PUBLIC CHARTER SCHOOLS

### **PROGRAM ACTIVITIES**

1. NUMBER OF APPLICANTS FOR NEW PUBLIC CHARTER SCHOOL
2. NUMBER OF OPERATING PUBLIC CHARTER SCHOOLS

---

<sup>2</sup> This is the initial measure, however, once the revised strategic plan is adopted and implemented, specifically, Goal 1 –defining high-quality and diverse educational options; measuring in Goal 2, and analyzing in Goal 3, we would in subsequent years adjust this measure of effectiveness to align with the Strategic Plan Measures (Strategy Measure 1.1, Year 3)

<sup>3</sup> Aligned to Strategy Measure 1.1

<sup>4</sup> Aligned to Strategy Measure 2.2

## STATE PUBLIC CHARTER SCHOOL COMMISSION BUDGETARY MEASURES OF EFFECTIVENESS

### EDN: 600 PUBLIC CHARTER SCHOOLS PROGRAM PLAN NARRATIVE

#### A. **Statement of Program Objectives**

To provide high-quality, diverse public educational options for students, parents, and the community as authorized by its authorizer.

#### B. **Description of Activities Performed**

C. To serve our community by developing the academic achievement, character, and social-emotional well-being of our students to the fullest potential through high-quality, diverse public educational options as authorized by its authorizer. To work with partners, families, and communities to ensure that all students reach their aspirations from early learning through college, career, and citizenship.<sup>5</sup>

#### D. **Statement of Key Policies Pursued**

Varies for each public charter school, aligned to their individual mission and vision.

### **MEASURES OF EFFECTIVENESS<sup>6</sup>**

1. % OF PUBLIC CHARTER SCHOOL STUDENTS EXITING ENGLISH LEARNER (EL) PROGRAM
2. % OF PUBLIC CHARTER SCHOOL STUDENTS SCORING PROFICIENT OR EXCEEDS PROFICIENCY IN READING
3. % OF PUBLIC CHARTER SCHOOL STUDENTS SCORING PROFICIENT OR EXCEEDS PROFICIENCY IN MATH
